

Procedure for Participation

- All participant(s) must register on the Contest page on MyGov (<https://mygov.in>) to submit their entries. The last date for submission of entries for Wireframe Phase (Phase 2) is 12th June 2015 by 5:00 PM IST.
- The Wireframe Design Phase (Phase 2) and the App Development Phase (Phase 3) would be team based contests, wherein each participating team ("Team") shall consist of a minimum of three (3) members and maximum of six (6) members.
- Individuals who have not participated in Phase 1 (as well as individuals who participated in Phase 1) can participate in Phase 2 as part of a Team.
- All participants must be aged 18 years and above.
- Employees or close family members of the employees of DeitY, MyGov and NIC or the individual or organization involved in organizing the Contest would NOT be eligible to participate in the Contest.
- Once an entry is submitted, no changes/ revisions would be permitted.
- Registration for Phase 2 and Phase 3 would be common and there would not be any separate registration for Phase 3. Teams which qualify in Phase 2 will automatically move to Phase 3, i.e. Phase 3 would be a closed group contest where only the teams selected in Phase 2 would compete for the development of PMO's Mobile App.
- Each team should preferably have members with appropriate experience/ knowledge in functional as well as technical areas for designing and developing a Mobile App.
- Teams of size 3 - 6 (with nominated members) once registered on the portal will be final and no change in team composition would be allowed at a later stage. A member of one team cannot be a member in any other team. It is, therefore, recommended that the team leader should first discuss with the team members to be nominated to confirm that they wish to be part of the team, before registering the team on MyGov.
- Only a single account is permitted for an individual or a team on MyGov. If more than one account exists for the same candidate(s) then it will automatically result in disqualification of the candidate(s).
- One team can submit only one entry and the entry must be submitted by the nominated Team Leader.
- Each team should have a Team Name and a nominated Team Leader (required at the time of team registration). Each team member should give his/ her consent for joining the team by logging into his/her MyGov account after registration. A person can join a team only through invitation by the team leader of a team.
- A Team Leader will be able to submit his/ her team's entry in the contest after the confirmation/ finalization of his/ her team, i.e. after the nominated members of his/ her team provide their consent to join the team (a min. of 3 member team including the team leader).
